

## DEMOCRATS

**May Yet Organize Lower as Well as Upper Assembly Branch**

**BY SOME CLOSE MARGINS**

**THREE REPUBLICANS ELECTED ON FACE OF THE RETURNS**

**Gov. Pattison Will Have Control of the Penitentiary in March—Senate Contest is Off.**

Columbus, Nov. 23.—Developments today indicate that the Democrats may yet be able to organize the lower as well as the upper branch of the general assembly. The face of returns shows the Republicans elected 62 and the Democrats 59 members of the house, but three Republicans are elected by narrow margins, Paine of Lucas, having a majority of four votes and Demuth of Paulding, a majority of three, with many ballots in dispute. In another district the Republican member-elect got in by a small majority. The right of these members to seats may be contested. An investigation is being made. This doubt regarding control of the house is the basis for Chairman Garber and party leaders discouraging a conference of the Democratic members called for Tuesday of next week. The leaders say there will be no conference. If what now appears to be a Democratic minority should become a Democratic majority the contest would be for the speakership rather than a minority leader, to decide which was the purpose of the conference.

Announcement is today made of the abandonment of the plans by Republicans to capture the senate through a contest in the Second-Fourth district. This concedes control to the Democrats and makes certain none of Gov. Herrick's recess appointments will be confirmed. This will give Gov. Pattison immediate right to reorganize the department of factory inspector, railroad commissioner, labor commissioner, fire marshal, supervisor of printing, examiner of engineers and soldiers' claims commissioner and give him control of the penitentiary on March 31.

**SAVED A LIFE  
44 YEARS AGO**

**NOW MR. BROWN WANTS TO KNOW NAME OF THIS OHIO UNION SOLDIER.**

**Texas Man Writes Adjutant General to Help Him Locate the Unknown Man.**

Columbus, O., Nov. 23.—Adjutant General Critchfield received a letter from one J. M. Brown, an employee of the blind asylum of Austin, Texas, today, asking him to help locate an unknown man whose life he (Brown) saved forty-four years ago.

Mr. Brown writes that he was in the Confederate army in 1861. In a battle against the 21st Ohio regiment in Tennessee in the early stage of the Civil war, Brown says he saved the life of a young man who had been wounded. At the risk of his own life he ventured out and dragged the Union soldier to a place of safety behind a tree, but never learned his name. Now after 44 years he is making an effort to find out if possible the name of the man whose life he saved.

The 21st Ohio was commanded by Col. Norton. The records show that three men were wounded in the skirmish referred to by Brown, and one of these men, named Smith, died. General Critchfield will try to have the matter investigated and will, if possible, obtain the information that Mr. Brown wants.

Constantinople, Nov. 23.—The sultan today issued an order approving the decision of the council of ministers to reject the demands of the powers for international control of the finances of Macedonia. Vice Admiral Husni Pasha started on a special steamer for Dardanelles, presumably with instructions for the commander of the forts regarding the commander's conduct in the event of the appearance of the international fleet. Similar instructions have been sent to the governors of the new Turkish islands in the archipelago.

## ADOPTED

**Name of His Fair Companion When He Left His Wife and Children in Cleveland.**

St. Louis, Nov. 23.—An investigation by the police of the death of Mrs. Imogene McLean, which is supposed to have been due to asphyxiation yesterday, resulted in an admission from the man who lived at the same address and who was known as McLean, that his real name is Samuel G. Brooker. The man admitted that he left a wife and two children in Cleveland, Ohio, five years ago. He met Mrs. McLean in Columbus, O. He adopted her name and they lived in various cities.

The man also told Officer Frank Pearson that he has \$200 in a St. Louis bank, deposited in his right name. He wished to draw this money in order to defray the funeral expenses of Mrs. McLean.

Owing to the peculiar developments in the case, Coroner Baron decided to postpone the inquest, which was to have been held at 9 o'clock tomorrow morning until the police have completed their investigation.

Mrs. McLean was found dead in her bed and Brooker, who was sleeping in an adjoining room, was found in a serious condition from the effects of escaping gas.

## TRADE DISPUTES

**Are Adjusted by the American Federation of Labor.**

Pittsburg, Pa., Nov. 23.—At the session of the Federation of Labor the dispute between the United Brewery Workers' union and the engineers and firemen was settled by the convention adopting a resolution which orders that all engineers and firemen in the brewery union be permitted to withdraw and join their own organizations without incurring their standing as union workmen. At the end of a long debate over the troubles between the longshoremen's union and the seamen's union it was decided to have the two unions appoint an arbitration committee and settle the matter between themselves.

## FORAKER'S VIEWS

**Expressed at a Meeting of Committee on Interstate Commerce.**

Washington, Nov. 23.—Railway rate-making was again considered by the senate committee on interstate commerce, but in an informal way. Views were expressed by several members which indicate a sharp division so far as the situation has developed. There is the further indication that a majority of the committee will favor a measure giving the interstate commerce commission more power, which means in some form control over rates. It seems to be quite well understood that three Republicans and enough Democrats favor such legislation as to insure a rate-making bill being reported. Senator Foraker expressed the opinion that it would be sufficient to meet the present situation if the interstate commerce commission should be authorized to take cognizance of complaints, bring suits to enforce the laws in the United States courts, and that all district attorneys be empowered to prosecute such cases.

## WITTE STRICKEN.

St. Petersburg, Nov. 23.—Despite every effort to conceal the fact, it is known that Count Witte has been attacked by paralysis.

The first attack came on him at the close of the week and took the form of long spells of fainting and a complete numbness of the left arm. These attacks lasted for hours, and left the premier in a deplorable condition.

Count Witte was similarly affected once before, and these new paralytic symptoms and fainting fits cause the gravest anxiety. The excessive mental strain under which he has labored for the past fortnight is held to be responsible for the Count's present breakdown.

London, Nov. 23.—The St. Petersburg correspondent of the Standard today says he has excellent authority for stating that Count Witte's health is causing the gravest anxiety. He had a paralytic seizure last week, partially disabling his left arm for several hours, accompanied by brief attacks of fainting. This is the second time he has suffered from paralysis.

**BIGELOW NOT ILL  
SAYS PRISON WARDEN**

Leavenworth, Kan., Nov. 23.—The truth of a dispatch from Milwaukee stating that Frank G. Bigelow, the defaulting bank president, now serving a sentence in the federal prison at Fort Leavenworth, is in a serious condition, was denied by Warden McClatchey. The warden says that Mr. Bigelow will finish his sentence in six years and eight months, deducting for good behavior, and he feels confident that the prisoner will live many years after being released.

## THREE AMERICANS ARE TO BE SHOT

**THEIR TRIAL IN MEXICO ENDS WITH SENTENCE OF DEATH PENALTY.**

**Trio From United States Accused of Murdering Two Men in Chihuahua.**

El Paso, Tex., Nov. 23.—In Chihuahua the Mexican court sentenced T. C. Richardson, C. S. Harle and William Mason, Americans, to be shot. The men were accused of murdering two men in Chihuahua for life insurance money. Richardson was an insurance agent; Mason, his brother-in-law, the assistant agent, and Harle was the examining physician. It was charged that they murdered a man named Devers, whom they deceived from El Paso, and a man named Mitchell, who is said to be a half-brother of Mason. Richardson is from Rochester, N. Y., where he married Mason's sister. The case has been in the Mexican courts three years. Harle formerly was an El Paso physician.

In Rochester Mason was known as William Mitchell and Richardson went by the name of Leslie E. Hulbert. They left there suddenly because of alleged crookedness in divorce cases which they handled. Mrs. Richardson (Miss Mitchell then) was a stenographer in Richardson's office before she married him. The case is one of the most noted in the history of American manipulation in Mexico, and is declared to be the boldest life insurance swindle on record.

**LITHUANIAN CITIZENS DEMAND.**  
St. Petersburg, Nov. 23.—Official announcement was made today that Count Witte received forty telegrams from Lithuanian citizens demanding autonomy for their country and requesting the government not to couple Lithuania with Poland in providing for its future government.

## CASTRO WEAKENS

**With French Warships Nearby President of Venezuela May Change Attitude Soon.**

Washington, Nov. 23.—With the French warships at Martinique, a far's cruise from Venezuelan waters, President Castro has begun to show signs of a possible intention to modify his attitude toward the French government so far as diplomatic relations between the two countries is concerned. Secretary Root is not yet in a position to make a formal announcement on the subject, but the tenor of the dispatches received thus far from Mr. Russell, the United States minister at Caracas, is that President Castro seems now inclined to be responsive.

## REMOVED BY FOLK

**Police Commissioner Blong Put Out After He Refused to Tender Resignation.**

St. Louis, Nov. 23.—Governor Folk removed Andrew F. Blong from the St. Louis board of police commissioners following Blong's refusal to resign. George F. Jones, an oil merchant, was named as his successor. Blong is known to have been advised by his attorneys that the laws give the governor no power to remove him. His resistance, it is expected, will take the form of an injunction or quo warranto proceedings directed against the governor or against Mr. Jones, or both. The governor considers that the result of the expected litigation will determine the degree of his responsibility for the conduct of the St. Louis police department.

## EXTRA SESSION

**Of Wisconsin Legislature Called by Governor La Follette for Enactment of Numerous Reforms.**

Madison, Wis., Nov. 23.—A call for a special session of the Wisconsin legislature on December 4 was issued yesterday by Governor La Follette. He states in the call that the questions to be considered at the session will be legislation to amend the railroad rate commission bill; to provide for the change in taxation or license fees of railroads, and to provide for their collection; to alter the primary election laws; to provide a form of ballot, to enact laws against abuses of insurance companies, railroads and other public service corporations and to receive from the governor a communication relative to United States senatorship and the governorship.

## EVEN CHANCE

**Has Merchant Prince's Son in Battle Between Life and Death**

**ACCIDENTALLY SHOT HIMSELF**

**MARSHALL FIELD NOW HURRYING HOME ON SPECIAL TRAIN**

**Victim of Accident Is Heir to One of the Greatest Fortunes in the World.**

Chicago, Nov. 23.—Marshall Field Jr., who last night accidentally shot himself, the family says, with a pistol, this afternoon has an even chance in the battle with death.

Marshall Field Sr. is today hurrying from New York by special train on the Lake Shore and New York Central. Field was shot through the abdomen. The bullet entered the left side just below the ribs, missed the stomach and intestines, plowed through the edge of the liver, perforated the spleen and stopped near the spine.

With the utmost haste he was hurried to an operating table at the Mercy Hospital, where Dr. Arthur Dean Bevan, assisted by eminent surgeons, did all that skill could suggest to save the life of the only son of the merchant prince.

Perforation of the liver is one of the most serious of all gunshot injuries and makes Field's condition most critical. Field had hesitated several days whether to go on a hunting trip in Wisconsin, or accompany the family to Lakewood, N. J. It is said while weighing the matter he was examining a revolver he would use, should the decision send him hunting. Mrs. Field accompanied her husband to the hospital. Field is heir to one of the greatest fortunes in the world. Should the wound prove fatal his three children will be the heirs of the multi-millionaire. After the physicians had completed their examination they said the patient was resting easily with the crisis not likely today.

**THIRTEEN MONKS  
KILLED AT MT. ATHOS**

## DEFIES THE POWERS.

**Turkish Government Rejects Proposals Relative to Macedonia.**

Constantinople, Nov. 23.—The proposals of the European powers for the international control of the finances of Macedonia have been rejected by the porte. The reply, which was handed Baron Von Calice, the Austro-Hungarian ambassador, rejects the proposals of the powers on all points, and declares that the public opinion of Turkey would not countenance their acceptance. The porte agrees to extend to two years the terms of the civil agents of the powers in Macedonia.

## EXCITEMENT HIGH AMONG PEASANTS

**MOVEMENT PROMISES TO RESULT IN GENERAL UPRISING IN RUSSIA.**

**Troops Are Unable to Cope With the Disorder in the District of Subzha.**

Moscow, Nov. 23.—The excitement among peasants in the central and southeastern provinces is spreading rapidly, and it is feared that it will be impossible to suppress the movement, which promises to develop into a general uprising, bringing devastation and untold horror to the whole country. Revolutionists among the peasants are industriously spreading the story that the imperial reform manifesto really decreed a division of the lands, but that the nobles and Jews distorted it and took all the freedom for themselves, and the peasants therefore have the right to possess themselves of the lands the emperor granted them.

## PEASANTS DEFEAT TROOPS.

Kursk, Russia, Nov. 23.—The agrarian disorders in the district of Subzha have assumed such violence that the troops are unable to cope with them. The whole northern half of the district is in the hands of peasant rioters, who are pillaging the estates and burning the harvested crops. During the pillaging of one estate a company of Cossacks looked on, being unable to interfere. In the Jureff and Alexandrovsk districts peasant mobs are demanding the surrender of the stocks of provisions and are threatening to set the torch to the whole locality and to storm the country treasures.

## NEGRO WORKMEN

**Caught in Cellar Where Ammonia Tank Broke, Suffocated—Four May Recover.**

Houston, Tex., Nov. 23.—Eight negro workmen were caught in the cellar of the Houston Packing company when an ammonia pipe broke, and all of them were overcome by the fumes. It was necessary to dig through the wall to get the men out, and this took much time. Steve Johnson was dead when taken out; F. W. Allen succumbed shortly after, and physicians have practically given up hope of the recovery of Sam Godley and Jones Lilley. The other four men probably will recover. They are Owen Hill, James Cleveland, Henry McCulver and C. T. Travis.

## ELECTION JOKER

**Indicted in New York—It is Charged That He Attempted to Vote Illegally.**

New York, Nov. 23.—An alleged election joke caused the arrest and indictment of George Wharton, a clerk. He was charged with attempting to vote illegally under the name of John Rockefeller in the recent city and county elections. Although Wharton had been discharged from his first arrest on election day for this offense, on the plea that it was a joke, the grand jury which took up the charge refused to consider it in that light and indicted him. Wharton's bail was fixed at \$5,000.

## WITNESS COLLAPSES

**Experts Say Harrison Was Emotionally Insane When He Shot Bergman at Youngstown.**

Youngstown, Nov. 23.—Evidence in the Harrison case was completed today with introduction of the state's evidence in rebuttal and the arguments were commenced. The state's rebuttal went to the extent of putting on new papers in a who conversed with the defendant after the shooting.

Youngstown, Nov. 23.—After a historical examination in court Mrs. J. E. Harrison, mother of James Harrison, charged with the murder of Louis Bergman, collapsed and was reported as being in a critical condition. News of her illness and possible death was taken to the court room, but carefully kept from the public.

The afternoon was spent questioning the experts on insanity. Dr. Egan, expert on insanity of the Madison Insane asylum, and Dr. John MacFarland, of the state hospital, testified that Harrison was not insane when he shot Bergman.

St. Petersburg, Nov. 23.—Reports today say that Margat's life was attacked by a Korean last night, struck on the head and slightly injured. No details are given.

## TARBELL CONCLUDES

**Would Punish Wrongdoers—Opposes Rebate System—Abuses in Insurance Business.**

New York, Nov. 23.—Gage E. Tarbell, second vice president of the Equitable Life Assurance society, concluded his testimony before the insurance investigation committee. He also submitted some suggestions for the remedy of existing abuses in the management of insurance companies and for legislation designed to give the state proper control over the companies and to insure the confidence of the policy-holders. Prominent among these suggestions was absolute publicity. While admitting that wrong had been done by life insurance officials, Mr. Tarbell said he had no apologies to make for any of them and that he hoped they would be punished.

The witness was examined as to the system of agencies and the commissions and other compensations allowed them for getting business. The fact was brought out that Mr. Tarbell had taken out insurance on his own life and on members of his family, and had received the agent's commission on the premiums as well as renewal commissions. He said that since he became an officer he had taken out \$200,000 on his own life in the Equitable. Besides his policies in the Equitable he had taken insurance in the New York Life, the arrangement being made with George W. Perkins, and in this too he had received the commission on the premiums. He had also a policy in the Aetna and the Travelers, on all of which he received the commissions. He said he carried \$400,000 on his own life and \$100,000 on members of his family. He was emphatic in denouncing the system of rebating by agents, and stated that any agent of the Equitable who gave rebates to get business was dismissed. When he told of getting the commissions, Assemblyman Cox asked if that was not rebating, and Mr. Tarbell said it was not; that he thought he was entitled to it.

The witness practically corroborated the statement of James Hazen Hyde when on the stand relative to the fairness of the Frick report. The subject of advances to agents was open to investigation, and Mr. Hughes read some figures of the amount of advances to agents in this city. Mr. Hughes asked where the Frick committee got the figures, and Mr. Tarbell replied with marked asperity that he did not know. "They did not get them from my department or the auditor's; they made their report without ever making an investigation of the department," he said.

## WOMAN SURE SHE'LL NOT HANG

**IT ALL RESTS UPON DECISION OF SUPREME COURT ON NOVEMBER 27.**

**Shocking State of Affairs in Vermont Jail—Mrs. Rogers Jeers at Religion.**

Montpelier, Vt., Nov. 23.—Mrs. Mary Rogers convicted slayer of her husband, will be hanged December 6, unless the United States supreme court before night fall Nov. 27, decides that the woman's rights have been infringed by the state of Vermont and directs that she be given a retrial or be released.

Governor Bell has spurned a seat in congress or election to the United States senate if he be the price of gubernatorial clemency and is determined that justice thrive thwar. He shall be vented upon the young woman as the federal court of last resort says that Bell's judges have not erred.

Shocking revelations of Mrs. Rogers' conduct while in prison under death sentence were unfolded before the commissioners, who hear the story of Vermont's shame. The condition of affairs at the state prison at Windsor, where free love was flaunted, where all jail officials from highest to menials and even favored prisoners, met on a common ground of debauchery, was learned. A figure of it all was Mary Rogers. The wave of pity which swept the state a few months ago has nearly disappeared, and even the champion of the cause, the woman, has been abandoned.

The woman whose life is in the balance is now in the hands of the state. She has powerful friends a few months ago.

## MARRIED

**Wife's Friend And in Five Weeks After Wedding She Died**

**NEIGHBORS STARTED GOSSIP**

**THAT LED TO EXHUMATION OF THE WOMAN'S BODY**

**Physicians Find Nothing Wrong But a Columbus Chemist Will Look Further**

Plain City, O., Nov. 23.—Tragedy and romance both played an important part in the life of Frank Latham, a rural mail carrier of this city, who, in order to clear his good name, had the grave of his wife opened and the body placed in the hands of the law for a chemical analysis. Certain of her friends had intimated, it is said, that it might tell a story of foul play. The viscera had been placed in the hands of Columbus scientists, who will make an examination.

Just three years ago Mr. Latham's first wife died in Columbus, and one of her last wishes was that he should marry her friend, Miss Emma Boyd, then a teacher in the Columbus public schools. Mr. Latham met Miss Boyd, explained the request of his former wife and expressed his wish to marry her. They were married August 24 in Lovelock, Mich., which was the summer home of the bride. Mrs. James Boyd and Robert Boyd, mother and brother of the bride, were much opposed to the marriage. They returned to this city to live and were quite happy and contented.

On September 23 Mrs. Latham became suddenly ill, and on the next morning a physician was called, as she seemed to be in great pain. He pronounced the case acute but slight liver affection, and stated that he did not expect any serious results. She became worse later, and another physician was summoned, but she died before his arrival. He pronounced the case uraemic poisoning. Her death occurred just five weeks after her marriage. The body was placed in a vault in the cemetery to await the arrival of her brother Robert, of Los Angeles, Cal., who was on his way east to attend the funeral. Mr. Boyd was not satisfied with the verdict of the cause of his sister's death as announced by the physicians here. He consulted several physicians in Columbus, and demanded that her body be taken up and an autopsy held, but Mr. Latham objected. Mr. Boyd then appealed to the prosecuting attorney and Coroner of Madison county, but they declined to act without the consent of Mr. Latham. Mr. Boyd then left for his home and the matter was dropped, but rumors began to circulate and Mr. Latham decided to act on his own accord in order to clear his good name.

He called on the coroner of Madison county, and after a consultation with him it was decided to exhum the body and hold an autopsy. Last Saturday the coroner, two physicians and Mr. Latham had the body removed from the grave and the stomach was turned over to Coroner Carr of London.

At the grave an autopsy was held by two Plain City physicians and they pronounced the cause of her death as atrophic cirrhosis of the liver. It was decided, however, to have an autopsy made of the stomach, and the same conduct while in prison under death sentence were unfolded before the commissioners, who hear the story of Vermont's shame. The condition of affairs at the state prison at Windsor, where free love was flaunted, where all jail officials from highest to menials and even favored prisoners, met on a common ground of debauchery, was learned. A figure of it all was Mary Rogers. The wave of pity which swept the state a few months ago has nearly disappeared, and even the champion of the cause, the woman, has been abandoned.

**MRS. HETTY GREEN**

World's Richest Woman is 71 Not Yet Suspected.

Press dispatches from New York on Tuesday told of Mrs. Hetty Green's birthday anniversary but the story credited Mrs. Green with only 70 summers. It was a mistake as Mrs. Green is 71. The Pittsburgh Dispatch has a New York message correcting the error as follows:

Economical in most affairs of life, Mrs. Hetty Robinson Green, richest woman in the world, has at last become a spendthrift. She threw away a year Tuesday. The world thought she was 70. She is 71. She laughed about it happily—like a girl. It was the one joke of her natal day.

Mrs. Green lives alone, but for a dog in a \$20 a month flat on Washington street, Ithaca, where she is known as Mrs. Morton. The Hoboken elite call it "the Barracks." It was not yet light. Even the gray dawn that comes from across the river where Mrs. Green's golden stream flows was astir. Walking a block Mrs. Green went to a grocery store and ordered some ham, green tea and sugar. Then she started home. Returning, she perhaps recollected that it was her birthday, she ordered some crackers and fruit biscuits. Mrs. Green had breakfast. At 9 o'clock the famous black bonnet and the old cape were adjusted and "Mrs. Morton" looked her lonely apartment and started for New York, where she was to direct the flow of millions from her office in the Chemical National Bank.

It is not on record that Mrs. Green ate any lunch. She attended two directors' meetings in the afternoon, and at 6 o'clock started for home. Mrs. Green went to bed at 8 o'clock by candle light, which she uses to save gas. She had reached her home by going through back alleys and entering the flat house through the cellar.

Mrs. Green came to her present address two weeks ago. She has been a tenant in the same house before, as Mrs. George Dewey and as Mrs. Strachan.

**APPLETON.**

The funeral of Jacob Benner was held at the Christian church Sunday morning, conducted by Rev. R. H. Kilpatrick, pastor of that place.

**BOWLING SEASON COMMENCES IN EARNEST FRIDAY NIGHT**

**Columbus Pharmacal Team Will Bowl on Hayes Alley's Friday Night--Mansfield, Mt. Vernon, Coshocton and Zanesville Teams Will Furnish Games With Local Bowlers--Hayes Stars Won Another Game.**

The first bowling team from any of the nearby cities to visit Newark this season, will be in the city Friday night when they will meet the Hayes All Stars on the Hayes alleys. This team has been doing some clever bowling in one of many Capital City leagues and will give the Stars the best run they will have a substitute in the game if they are experienced.

Captain Armstrong will not be able to bowl with his team. He is slowly recovering from a slight attack of peritonitis and his physician has forbidden him to bowl at all. However, he will have a substitute in the game to fill up the team.

This is the first of a series of match games to be bowled during the next few weeks. A game will soon be arranged with a Zanesville team to be rolled soon. T. C. Fowler, who is well known in Newark, has recently opened new alleys there and the Newark team will be one of the first outside teams to visit the place.

A game has already been arranged with a Coshocton team for next Wednesday night. The All Stars will go to Coshocton at 6 o'clock returning at midnight. This will be a fast game. The Coshocton bunch promised Captain Armstrong that he would realize that others had been bowling when the game was concluded.

In all probability, Thanksgiving afternoon will see a Mansfield team on the Hayes alleys. This game has not yet been definitely arranged but it will without a doubt be played. Utica and Mt. Vernon will then be played. Owing to the poor train service between Newark and Mt. Vernon at night, this game will probably be rolled in the afternoon.

**STARS DEFEAT HUSTLERS.**

The All Stars narrowly escaped defeat last night on the Hayes alleys when the Hustlers, another new team, rolled a score of 2222. The Stars were only 169 pins ahead and their high score was 193. The scores follow:

**LUTTBEG THREW GERMAN WONDER**

**GUSTAV ERNST IS GIANT WHO HAS INTERESTED NEWARK SPORTS.**

**German Won Two Falls by Graceo-Roman Wrestling—Small Audience Present.**

Before a crowd which was disgustingly small, Max Luttbeg, the Newark wrestler, succeeded in throwing the German Wonder Wednesday night at the West End club once out of the three falls. The German in talking to the Advocate's representative stated that his name was Gustav Ernst and that he has been in this city but a short time.

The match was an interesting one. Ernst won the first fall in 10 minutes and 7 seconds. This round was of the Graceo-Roman style of wrestling and Luttbeg made a good showing against the heavy weight. The second round in catch as catch can style, Luttbeg won in 12 minutes and 30 seconds. It was agreed that the man getting his fall in the shortest time, could name the style of the wrestling in the third fall. Therefore, Ernst chose the Graceo-Roman style again and defeated Luttbeg in 19 minutes. In this style of wrestling, all leg holds are barred. The bout was refereed by Charles Weston, the pool and billiard expert, and timed by Wm. Fullerton.

Ted Tonneman and Phil Smith wrestled two rounds as a preliminary to the big match, Tonneman winning the two first falls.

In speaking of last night's match, Luttbeg said that it was probably his last match in Newark. He was disgusted with the size of the crowd and said that his efforts to give Newark people a good clean sport had not met with their approval.

**CLEAN CUT ROUT BETWEEN OLSEN AND ONE OSCAR BAUER AT ASH O'NEAR.**

**Creseus World's Champion Trotter Sold at Auction for Twenty-One Thousand Dollars.**

Chicago, Nov. 23.—The American Baseball league met in annual session here, and despite the avowed statement of Charles Comiskey, president of the local club, two days ago, that the American league was on the verge of disruption, the session was as harmonious as a family reunion. Routine business occupied the time of the magnates at the preliminary session. There is an apparent feeling of unrest among the players, and the general belief is that the proposed amalgamation of the American and National leagues will come up for consideration at the next meeting.

**Clean-Cut Bout.**

Ashland, N. C., Nov. 23.—In the presence of more than 1,000 spectators Charles Olsen of Iowa defeated "Oscar Bauer," who still refuses to disclose his identity, for a purse of \$1,000 and the right to meet Jimmy Parr, the English middleweight champion, on Thanksgiving night in this city. Olsen took two bouts in 27 and 14 minutes respectively. The match was remarkably clean-cut and was featured by the fast work of both contestants. Olsen weighed 170 pounds and Bauer 180. Parr and Olsen will wrestle for a purse of \$1,000 and the championship gold belt of England.

**Creseus Sold.**

New York, Nov. 23.—Creseus, the world's champion trotting stallion, record 2:02 1/4, was sold at auction for \$21,000 at the Old Glory horse sale here to M. W. Savage of Minneapolis, Minn. Only one other bid was made, but he was \$20,000, offered by P. H. McGuire of New York City. Savage is the owner of Dan Patch and Directum. George H. Ketcham of Toledo, O., was the former owner of Creseus.

**MARTY HOGAN**

**His Ohio Works Bunch Will Be With Us Next Year--Will Not Desert Independents.**

Youngstown, O., Nov. 23.—Youngstown will not be in the Tri-State or the Central League, either next year. Hogan's team will play in an eight team league which will be under protection and which will be formed from teams from the following cities: Akron, Youngstown, Erie, Pa., McKeesport, Bradock, Lancaster, Newark, Mansfield, Zanesville, Neweast and Niles. Sharon and Homestead will both be out next year. It is not known definitely what Niles will do, although \$4,000 has been raised for a team there. Erie will be taken in if the team does not decide to go into the Tri-State league. The Sunday ball crowds in Erie make the team a desirable one for the league. Newark and Mansfield are both new towns in baseball. Both will probably have fast teams. Hogan has been rounding up a team. He will go to Pittsburg this week to see a

number of men and will begin signing players at once.

**Mt. Vernon's New Captain.**

Russell Bogardus has resigned as captain of the local high school football team on account of the fact that he will not be able to play again this season. Robert Owen, the star half-back of the team, has been elected to fill the vacancy.

**Goodrich's New Business.**

Mt. Vernon, Nov. 23.—A deal was closed up Wednesday morning whereby Mr. Jack Goodrich, manager of the Mt. Vernon football team and the well known manager of the local skating rink, purchased a half interest in the City Bottling works from Mr. Martin Carr. Mr. Goodrich's many friends wish him success in his new business.

There are many men who wear their hats practically all the time when awake, and are blessed with a heavy shock of hair; yet if the scalp of these same men become infested with dandruff germs, the parasites will multiply all the quicker for lack of air. **Having Relatives in New Philadelphia Alarmed Over Reports Concerning the Town.**

Since the arrival of the report from New Philadelphia, O., to the effect that that city is being enveloped with peculiar fumes which are causing the houses to turn black, several persons in this city who have relatives in New Philadelphia, have been investigating the report.

One family, that of Mr. Evan Williams of 115 South Fifth street, becoming alarmed by the report, telephoned to their son, John Williams, a tailor, residing in that place.

Mr. Williams stated that he knew absolutely nothing of any such condition in the city and did not even know of the circulated report. From what Mr. Williams says there is no cause for alarm and New Philadelphia is expected to remain on the map for some time.

The first news of the unusual conditions at New Philadelphia came last Tuesday in a press dispatch from Columbus, which said that buildings in New Philadelphia are turning black, and that the people are being slowly poisoned by peculiar fumes in the air.

It is a fact that the State Board of Health has been appealed to by people who complain of the atmospheric conditions of the town, but there is no special cause of alarm. The mines show much sulphur and sulphurated hydrogen is being generated from the piles of waste slag. State Chemist Horton is conducting an examination with a view to correcting the present conditions.

**Annapolis, Nov. 23.**—Before the court martial of Midshipman Meriwether concluded the defense it is understood will develop two phases of the case. The case is progressing slowly today.

**Tortured for 22 years. Eczema Cured in 3 months by D. D. D. Prescription.**

Marion O. June 1, 1903.

D. D. D. Co., Chicago, Ill.

Gentlemen—I am so grateful for having found a cure in your D. D. D. Remedy, that I feel it my duty to write you about my case so that you can tell other sufferers about it. For I know it will do the same for them that it did for me.

My occupation as a gardener keeps me exposed to the weather a great deal and consequently any skin disease would effect me a great deal. For twenty-two years I have been in torture from severe case of eczema and often I have had to stop my work in the garden and go in out of the sun, for it seems when I got heated the eczema flared and burned me as though I were alive. Your D. D. D. was recommended to me by Mr. Floeken, who has agency for our city, and though I had no faith in it because everything else failed, I decided to give it a trial at least. I suffered no longer, for D. D. D. gave me relief at once and I was glad to keep on using it.

It seems impossible that a case of so many years standing should be cured in three months, but I vouch that it did in my case. I cannot praise or recommend it too highly.

Yours respectfully,

AUGUST C. EHRHARDT.

**HOME FROM GREECE**

Newark Confectioner Tells of Wedding of Sister Who Left With Him Six Months Ago.

F. H. Markos, the well known manager of the Sparta Confectionery company, arrived in this city Tuesday night after an absence of six months, during which time he has been visiting his relatives in his native land, Greece. Mr. Markos was in Sparta during the greater part of his stay, that being the home of his parents and family. During his stay in that city, Mr. Markos attended the wedding of his sister, who was in this country with him for sometime and who returned to her native land with him. He describes a Greek wedding in a very interesting manner. The priests are required to perform the ceremony proper, which is very much like the American wedding ceremony. Upon the arrival of the groom at the home of the bride where the wedding is to take place, he is saluted by a squad of twelve men who fire guns in rapid succession. Following the ceremony a feast is served as is customary here.

Mr. Markos has enjoyed his trip immensely and after fifteen years of absence from his home he says he notes many changes, some agreeable and some otherwise. He is glad to be in the United States again and pleased to return to Newark.

Mr. Markos arrived in Boston on the White Star liner Canopic.

## EAST NEWARK CHURCH

The sermon at the mission at the Church of the Blessed Sacrament on Wednesday night was on the Catholic Church Doctrine of the Veneration of the Blessed Virgin, Mary, in which Father Laycock showed very clearly that the Catholic Church is not guilty of idolatry of the Virgin Mary. All the devotions in honor of Mary are simply intercessions through her to her Son. The sermon abounded in pathetic illustrations, and many in the audience were moved to tears. The largest crowd that has yet attended was in the church.

The sermon this evening will be on "The Holy Eucharist or the Real Presence of Christ in the Blessed Sacrament."

This sermon will be of especial interest to all who believe in the sacrament and its saving powers. Father Laycock extends a cordial invitation to the public and if any one may have any questions to ask on the sacrament he would be glad to receive them.

The special exercise at the mission took place for the married women, a large number of whom are in attendance.

## Mr. Roosevelt And The Weakling.

(Pittsburg Post.)

The American people at some stage of their existence individually have thrilled with Luther's declaration, "Here I stand"; with Ethan Allen's "In the name of the Great Jehovah and the Continental Congress"; with Henry Clay's "I would rather be right than be President"; with Andrew Jackson's "By the Eternal!" And also have they been treated often with sermonettes on the vast differentiation between the strenuous man and the weakling and the craven. And last have they been confronted with the epistolary duel between Henry M. Whitney, who came within a few hundred votes of defeating the supercilious Mr. Lodge's relatives, and the President.

The circus-going American people likewise recognize the reminiscence of the clown, who gets wonderfully busy helping the carpet layers preparatory to the acrobatic act, who never touches the carpet and overworks himself doing nothing. Mr. Roosevelt has a hard task before him. The time has arrived when no longer can he take refuge behind the stubborn Senate or the capricious House. He has numerous obligations outstanding. They must be redeemed.

Meanwhile it is the right of the American people to know where he stands on public questions that affect their welfare. If the corroborated Mr. Whitney deliberately misrepresented him when telling his Massachusetts audiences that the President favored Canadian reciprocity (Vice President Fairbanks is chairman of the innocuous commission to achieve it), how could he also misrepresent him when he later deplored the irrefragable fact by inference that reciprocity was to be denied the expected aid of Mr. Roosevelt? Where is the lie direct, the retort courteous, or the quip modest, as Clown Touchstone would classify the matter?

The American people will aim for the bullseye. What is Mr. Roosevelt's position on Canadian reciprocity? No infallibility attaches to the exalted personage elected as the chief public servant of the Nation. He has no extraordinary function of attaining any individual as a liar by his mere signature. What matters context or garbling? If the President can express himself he has conveyed the impression for two years that he favors reciprocity. Recently he has hedged by announcing he would not dismember his party, and that the tariff was not an ethical question.

But to the advocates of free hides he explained, when carefully concealing his real position, that tariff adjustment was a matter of compromise. That is, when all selfish interests have all they wish the symmetry must not be disturbed to permit the people at large to enjoy a square deal. Confessing that the compromise represents only the parceling of booty among the favored, the President fears revision because it would rip up the patchwork. There is

something of the attenuated parallel-gram about that, with the people represented by the short sides, and nothing of the square deal.

The President of the United States received a letter last week from the Republican governor-elect of Massachusetts appealing for a revision of the tariff and urging that hides be placed on the free list. This letter is plainly indicative not only of the trade but of the present status of tariff sentiment in New England, and particularly in the Old Bay State. A once stronghold of protection is manifestly preparing to desert the robber tariffs and go over to "the enemy."

## MAYOR-ELECT BADGER

Says "Lid Will Not Be Lifted" in Columbus—Town Will Not Be "Wide Open" One.

Columbus, Nov. 23.—The "lid will not be lifted" during the administration of Mayor Badger.

The mayor-elect made this plain, in discussing two recent contradictory reports, first that he would throw the town wide open, and, secondly, that he would close the saloons on Sunday.

Judge Badger denied that he had made any pre-election pledges in this connection. The "lid will not be lifted" during his administration. I only care to say this, further, he added, "that in respect to matters of regulation, I shall go just as far as the healthy public sentiment of the city will sustain me."

Speaking of the coming conference of Ohio mayors at Cleveland, in which he is deeply interested, Judge Badger said:

"The idea some have, that we are going to exploit a lot of 'isms,' because Mayor Johnson is active in the movement, is all wrong. We are going to confine ourselves to making what we think are much needed changes in the machinery of the code."

A change that Judge Badger will urge is one that will either make the directors of the board of safety elective, so that they will be directly responsible to the people, or else give the mayor, who appoints them, power to control their work.

## DANCING

And Card Playing Condemned by the Rev. Wm. G. King in Sermon at Uhrichsville, O.

Uhrichsville, O., Nov. 23.—"Dancing jostles men and women out of their Christian experience and card playing ejectives them out of it," said Rev. William Garrett King, pastor of the Uhrichsville M. E. church, whose recent sermons on the evils of dancing, card playing and theatre going have created a sensation among the fashionable element of his congregation.

"I am not a crank," continued Dr. King, "and my attitude should be easily understood by Methodists. I believe in the discipline of the church including Article 248, which condemns such amusements and provides expulsion for members who practice them."

"I was not converted until I was 26, and I know the fascination of dancing. I know men dance in order to mingle with those of the opposite sex in an intimacy not allowed under any other circumstances."

"I cannot dance for two hours with a pretty woman in a warm hall and feel the same as I would sitting on a street corner in zero weather. Nor can any other man. They have the right ideas in New York, where sofas are provided and the couples sit and hug to the entrancing strains of the music of the waltz. It saves so much work and perspiring," said Dr. King, with a smile.

## MAYOR JEFFREY

Says Turkey Raffles Are No Worse Than the Church Affairs of This Kind.

Columbus, O., Nov. 23.—Mayor Robert H. Jeffrey, who last year prohibited turkey raffles on Thanksgiving day, will sanction the raffles this year in saloons or elsewhere.

Aside from announcing that raffle of turkeys will be allowed, the mayor stated that he did not consider the raffle games in saloons to be any worse than that which was carried on at church fairs. As soon as the churches stopped the latter he felt that the former could be adjusted, but while one is allowed to be carried on it was an injustice to prohibit the other.

## AMUSEMENTS

### PAUL JONES.

Rose Cecilia Shay, who is to visit this city tonight at the head of the comic opera success, "Paul Jones" is a comic lover of out of door sports and all kinds of physical exercises. There are few better horsewomen

than she and there probably is not her feminine equal with the fencing foils in America. Not only can she skillfully ride and thrust and parry, but she can swim, row, shoot, play golf or tennis; is an expert angler and a daring chauffeur. Miss Shay has a racing automobile which would try the nerve of many men to run.

She believes nothing so well preserves the health and, consequently, the voice, as fresh air and exercise, and plenty of it. "Paul Jones" plays at the Auditorium tonight.

elation that this journey was begun and for seven hours our course was through a prosperous and picturesque country of Minnesota. Small towns with thriving, busy industry depicted in every feature are dotted along the railway like a string of beads. Lake gems open their blue eyes to the bright Minnesota skies.

Now we cross the bridge that spans the Red river and enter North Dakota at Fargo, county seat of Cass county, widely known for its push and enterprise. Broad and level as the sea the prairie stretches out north, south and west of Fargo. The plow cuts it as a ship cuts the ocean, and it has its waves and ripples as the wind kisses the grain of the grass. It has a sky as blue as Italy's by day and as starry as Chaldean by night. We were twelve hours crossing the state. The houses seem so far apart that one would not have guessed that North Dakota leads all the other states in the number of rural routes.

We now enter Montana with its vastness of territory and small populations. At Billings we see the wonderful development of the past few years in the Yellowstone Valley, the first irrigated district now open to settlers which one meets after leaving St. Paul. The soil will grow wonderful crops of cereals, vegetables and small fruits and other products and the district will soon be one of the most productive of all Montana. The Yellowstone National Park is closed at this time of the year.

We next come to Butte the largest mining camp on earth, with a population of seventy thousand people. It is built on a mountain honeycombed with mines and where the common laborer receives \$3 a day and where green dump piles of ore complete the view at the end of every street.

My next stop was at Spokane, one of the delightful cities of America. No city of equal age and population exceeds it in character and number of fine residences and handsome public and mercantile buildings. It is thoroughly modern in every respect and has a picturesque location. Its streets are broad and level. The rocks on which the city is built helps to form a natural pavement. In the center of the city are the mighty falls of the same name partly harnessed by \$200,000 plant to give electric light and power to the city. They estimate its population at seventy thousand. The Spigler sisters, two former Licking county teachers, are now teaching in the city schools of Spokane.

In passing over and through the Cascade mountains one passes along the side of very dangerous looking slopes. The track winds up and down the valleys amidst an ever changing panorama of green woods sloping hill sides and majestic snow-crowned mountain peaks.

My first stop along the Pacific was at Seattle which is the largest city in Washington. No city in the country can boast of greater advantages from a picturesque point of view than Seattle. Its suburbs present an incomparable prospect of wild and rugged mountain scenery, dense forests and wave-washed beach. Here I heard from the Ohio election. One receives the 5 o'clock news of Ohio here at 3 o'clock. The streets of Seattle are so steep they have steps some places. It is fortunate they have no snow or ice in winter. Mr. Haas, the owner of the Colonnade Hotel at Seattle, used to live in Ohio. He has a list of the names of more than two thousand from Ohio who now live in Washington and kindly invites you to come out and call on him.

Upper Sandusky, Nov. 23.—The defense this morning in the Heil murder case testifying to Heil's good character said that his wife fell several years ago injuring her skull and that the indentations were then inflicted. The state closed, after offering testimony tending to prove that the woman met her death by a blow from a chisel.

### JOHN MARKER

Man Who Was Shot by Foreigner on October 17th, is Now Getting Along Nicely.

After more than a month of suffering, during which time death seemed as probable as life, John Marker, the moulder, who was shot by a foreigner on October 17, is at last on the road to recovery. He was removed from the hospital three weeks ago and even after that, the doctors have been discouraged at times, fearing that it was a hopeless case. Dr. H. H. Baker stated Thursday morning to an Advocate man that Mr. Marker is getting along nicely. "Barring all accidents, I think the man will recover," said Dr. Baker.

It will be remembered that Mr. Marker was shot in the head and pieces of the bullet were taken from his brain. Surgeons regard it as a remarkable case.

### JACOB BENNER.

Jacob Benner was born in Newton township, this county, October 28, 1818, and departed this life November 17, 1905, aged 87 years and 19 days. He came of German parentage, his father, Daniel Benner, and mother, Sarah (Rowe) Benner, both being of that nationality, the former a native of Hagerstown, Md., and the latter of Virginia, but both being children of original German settlers. Two children were born to this union, Susannah and Jacob, Susannah having died at the age of 76 years. Mr. Benner's mother died when he was very young. His father was afterward married to Catherine Roberts, a lady of English parentage, and a native of Virginia. To this union six children were born, only one of whom is living, Mrs. Catherine Neighbarger of Newark. Mr. Benner's father moved to Bennington township in 1826, and settled in a cabin in the wilderness, which he had come ahead and built a few weeks before. Jacob Benner was married August 29, 1841 to Margaret Payne. To this union three children were born, John H., Daniel and Sarah, all of whom are living. Mrs. Margaret Benner died November 20, 1867, and Mr. Benner remarried in 1877, to Mrs. John Kendall. To this union no children were born. He united with the Appleton Christian church over 50 years ago, under the pastorate of Rev. Mr. Rabb and has remained a faithful member all these years. He has been a sufferer for almost six years, yet he bore his sufferings with as much patience as it is possible for humanity to possess. He was conscious to the last. He died easy and his last words were "I want to go home." He leaves a wife, three children and five grandchildren, with a host of friends to mourn his departure.

Interesting side light to hazing, or "running," as it is called at the academy, developed from the testimony of one of the midshipmen. Meriwether had been generally disliked, he said, because he was too "raty," that is, it was explained, that he did not abide by the rules laid down for the government of the lower classmen. Some of these were that he should never enter "lovers' lane," an academy walk; that he should turn all corners at right angles, should not look at an upper classman and should answer most respectfully when addressed by one of them; that he must never touch the table nor ask for anything during a meal, and under no circumstances "fuss," that is, to be in the society of young women.

New York, Nov. 23.—The police are today investigating the death of a man believed to be Wm. J. Harrington, whose body was found this morning in the rear of a notorious dive at 59 Great Jones street, shot through the heart. The police say that unmistakable evidence was found that the man was a repeater at the recent election.

"I was bloated and short of breath, making it very laborious for me to walk. I suffered with in the back and sides. My stomach was very full and I throbbled with pain, particularly in the upper abdomen and enlargement of the liver and spleen. I finally began taking Thompson's Barren, Kidney and Liver Cure, and the first bottle reduced the measure of my food, I stomach to the normal size to the six inches, and several bottles cured me. I am now in perfect health and feel as well as I have ever felt. My weight is 150 lbs. and I am 5' 10". Thompson's Barren, Kidney and Liver Cure.

5202 BLOUSE WAIST WITH VEST. 32 TO 40 BUST  
BLOUSE WAIST WITH VEST 5202

Vest effects are greatly in vogue this season and are to be noted upon many of the newest and most attractive blouses. Illustrated is one which is much to be desired, both for the entire gown and for that separate blouse without which no wardrobe is complete and which allows of variations galore. As illustrated it is made of plaid silk with the tucked front, vest and sleeves of plain but harmonizing color finished with a plain but simple band. Any contrasting materials could, however, be used with success and the waist of plain color can be combined with plaid or with stripes with the same material trimmed, or again the little vest might be of contrast with the tucked front of plain silk.

The waist is made over a fitted lining, which closed at the centre front. The bodice itself consists of the fronts, centre front vest portions and back. The bodice is plain, drawn down in gathers at the waist line, but the front is pleated to give a box plaited effect at the edges and to provide fullness in the shoulders. The closing is made invisibly beneath the edge of the bodice on the left side. The sleeves are the favorite ones of the season that are full at the shoulder and moderately deep cuffs.

The quantity of material required for the medium size is 3 1-2 yards 21. 8 yards 27 or 2 yards 41 inches wide with 3 1-2 yards any width for centre of vest and cuffs and 3 1-2 yards of banding.

The pattern 5202 is cut in sizes for a 32, 34, 36, 38 and 40 inch bust  
sure.

### WILLIAM ADAIR RAILWAY MAN

WHO BUILT FIRST ROAD FROM ZANESVILLE TO COLUMBUS DIED THURSDAY.

Former B. & O. Superintendent Passes Away at Age of 86 Years. Funeral Saturday.

William Adair, aged 86 years, died at his home 103 South Fifth street, at 4:30 Thursday morning.

Mr. Adair, who was a veteran railroad man, held the distinction of having managed the construction of the first railroad between Zanesville, Newark and Columbus, which was then known as the Central Ohio road. He was also superintendent of the Parkersburg division of the Baltimore and Ohio for several years. Mr. Adair had lived in Parkersburg for about 30 years prior to his return to this city in 1893.

Mr. Adair had been failing in health for some time at the home of his son, Albert, in Sinona, W. Va., and returned to this city from that place on last Wednesday evening, dying the following morning.

The deceased leaves six sons, John, William, Richard H., Samuel E., Albert C., and Joseph E., also four daughters, Mrs. Alberta Shepard, Mrs. Nellie Fitzhugh, Mrs. Jane Evans and Mrs. Margaret Bernard, beside the widow.

The funeral will be private and will be conducted at the home Saturday at 2 o'clock by the Rev. L. S. Boyce. Interment will be in Cedar Hill cemetery.

### ALL THE LADIES

In the National Capital Drink Beer, Says Shannon, Divorced and Wedded Same Day.

Lima, O., Nov. 23.—Judge Hugh T. Mathers, late candidate for the Supreme court judgeship on the Democratic ticket, has just had a peculiar experience in the trial of a divorce case in Wapakoneta.

The plaintiff was Lewis Shannon, former guard at the National Capitol who sought a decree from his wife, Mamie L. Shannon.

In Washington Shannon wooed and won his bride, and he alleged that she had become unbearable because of drinking.

"Didn't you know your wife drank when you married her?" queried Judge Mathers.

"Oh yes," came the quick answer. "I knew she drank beer, but all the ladies in Washington do that."

Shannon got his decree, walked across the hall, obtained a license, and was wedded on the same day to Miss Hattie Copeland, of St. John's, Auglaize county.

### EXTENSION

Of Tenure is Demanded by Republican County Officials at Toledo—Will Test New Law.

Toledo, Nov. 23.—The six county officials defeated at the last election have banded together to fight for the extension to their offices made by the passage of the biennial election amendment at the last election. They contend that the law means the extension should be added to the tenure of the present incumbents. The officials-elect interpret it to give them the added time.

As the only way to settle the case is through the courts, the Republicans now in will make a pool and fight it together. This will be the first case in the state and will mean much to all other county officials similarly affected.

### ZANESVILLE ROAD IS NOW WANTED

NEW OWNERS OF THE NEWARK TRACTION LINES FIGURING ON THE PURCHASE.

Cincinnati, O., Nov. 23.—The Schoepf Dolan-Morgan syndicate owning the Newark traction lines, is now negotiating for the purchase of the traction lines in the city of Zanesville, which are known under the corporate name of the Zanesville Railway, Light and Power company, and are owned and controlled by Rudolph Kleybolte.

Word was received from Chicago Wednesday that certain Chicago capitalists are also after the property and have secured an option on it. Schoepf and Morgan have opened negotiations with these Chicago parties for the purchase of this option, but the deal has not been consummated. The Chicago party, it is said will exercise their option shortly.

At the office of Rudolph Kleybolte & Co., in Cincinnati no information is given in reference to the deal, all inquiries being referred to Mr. Kleybolte who makes his home in New York. Mr. Kleybolte refused absolutely to discuss the matter.

Mr. Kleybolte secured control of the property some years ago through the purchase of the bonds, which carried with it stock privileges. These bonds have been largely placed among investors in this city.

Zanesville, Nov. 23.—The report from Cincinnati that the local traction line is about to change hands creates no surprise here. Negotiations have been on for some time. A deal is on also for purchase of the election line building from Roseville to Crooksville and says: This road will eventually touch New Lexington and Lancaster.
